HUCOM’s Response to Secretary for Education’s announcement on Common Standards for Consideration for Admission to Undergraduate Programmes under the New Academic Structure

The Heads of Universities Committee (HUCOM) welcomes the Secretary for Education’s announcement and confirms that as far as the four core subjects are concerned, the UGC-funded institutions would consider the application of students who have attained Level 3 for Chinese Language and English Language and Level 2 for Mathematics and Liberal Studies in the Hong Kong Diploma of Secondary Education (HKDSE) for admission to 4-year undergraduate programmes under the New Academic Structure. In addition to the four core subjects, the institutions will determine the attainment needed in the required one or two elective subjects and, as in the prevailing practice, may stipulate further admission requirements. Details will be announced at a later stage.
