- What are the pros and cons of the building of cruise terminal?

HKUST [Engineering]--Group

- Your life goal?
- Your favourite book?
- What is your impression about our school?

PolyU [Engineering]--Individual

- Any questions you would like to ask?

Quantitative Finance

UST Business School: How do you think of the effectiveness of the \$6000 scheme? [4 in a group]

HKU QFin (quantitative finance) 1st interview: What do you think the HK government should do to control the number of mainland pregnant women giving birth in HK? [5 in a group]

HKU QFin (quantitative finance) 2nd interview: Some people are commenting that increasing the university admission quota can improve local education level and thus competitiveness, while others say that this would dilute the available resources. So do you think HK should open more places for university entrance? [5 in a group]

I don't have a copy of the questions so they are not in exact wordings, but they are more or less similar to the original ones.

FYI, for all three interviews I have attended, they all require us to do a very short self-introduction. Then, the interviewers will provide you a couple of minutes (2~3) for you to prepare for the debate after they finished the question. We are not allowed to jot notes during preparation and debate.

Design/ Fashion and Textiles

1. Self-introduction
2. What is the full-name of the program? (many interviewees neglected this question)
3. Can you tell me something about the program? (Do more research from their website, leaflets etc.)
4. Which subject would you like to study? Why?
5. Why do you choose our school/the program?
6. What is your career goal?
7. What is your interest?
8. (Give you some artworks) Can you give some opinions on this?
9. Which designers do you like? Why? (give some comments/ideas)
10. Which brand do you like? Why? (give some comments/ideas)
11. Why we have to choose you but not others?
12. Which school will you choose if more than one university give you offer? Why? (You have to identify the different between each program and give your own opinions)
13. Have you ever visited our exhibition before? Which work do you like most? Why?
14. How do you think about success?
15. Do you have any questions?

** English, Cantonese and Mandarin will be used.
